Career Objective

Passionate AI and software engineer eager to build intelligent systems that ship fast and scale efficiently. Thrive in fast-paced, AI-first environments where experimentation, quick learning, and ownership matter more than tech stacks. Seeking to contribute to cutting-edge AI products that impact millions.

Core Competencies

Java • Python • REST API Development • SQL • Cloud Fundamentals • ETL Pipelines • Problem Solving • Agile Development

Education

- **Shri Vishnu Engineering College for Women (SVECW), Bhimavaram** CGPA: 8.33 (Current)
Bachelor of Technology in Computer Science and Engineering
- **Board of Intermediate Education, Andhra Pradesh (BIEAP)** Percentage: 92.2%
Senior Secondary (MPC)

Internships

- **Swecha: NLP & LLM Intern (Team Lead) – Hyderabad**

Developed Python-based ETL and preprocessing pipelines to handle large text datasets efficiently. Implemented automation scripts for tokenization, normalization, and LLM data preparation to improve model reliability. Managed SQL databases and collaborated in version-controlled Agile sprints. Explored low-latency conversational AI models and optimized inference for scalable performance.

– **Skills:** Python, SQL, ETL, Data Pipelines, Automation, LLMs, Scalable AI Systems, Agile

- **SkillDzire: Full Stack Java Intern – Virtual**

Developed REST APIs using Spring Boot and MySQL to manage backend services, including CRUD operations and secure data handling. Implemented responsive frontend UI components and integrated API endpoints for seamless interaction between backend and frontend. Designed database schemas and optimized queries for high performance. Collaborated in fast-paced Agile sprints emphasizing rapid prototyping and iterative delivery.

– **Skills:** Java, Spring Boot, MySQL, REST APIs, Frontend Integration, Agile, Rapid Prototyping

Projects

- **Golden Aesthetic** – Developed a machine learning model using Python and TensorFlow for feature-based predictions. Performed data preprocessing, validation, and evaluation to ensure consistent and explainable outputs. Designed and iteratively improved model behavior for production-grade reliability. – **Skills:** Python, TensorFlow, Pandas, Model Validation, Explainable AI
- **A-BAJA Autonomous Vehicle System (SAE India)** – Designed MATLAB/Simulink algorithms for autonomous steering control, incorporating real-time sensor feedback and system diagnostics. Demonstrated real-time decision-making using AI-assisted algorithms — a foundation for scalable agent behavior. Validated models in simulation to ensure performance and reliability. – **Skills:** MATLAB, Simulink, IPG CarMaker, Control Systems, AI for Automation
- **Indoculture** – Developed a Python + SQLite3 web platform with dynamic navigation and structured datasets. Designed CRUD operations for cultural data and built backend integration modules. – **Skills:** Python, SQLite3, UI Design

Technical & Development Skills

- **Programming Languages:** Python, Java, SQL, C, JavaScript
- **Frameworks & Tools:** TensorFlow, PyTorch (Learning), Spring Boot, ReactJS (Beginner), Git, VS Code, IntelliJ, Jupyter Notebook
- **Data & Cloud:** ETL Pipelines, MySQL, SQLite3, Oracle Cloud, AWS (Basics)
- **AI & ML:** Supervised/Unsupervised Learning, Neural Networks, Data Preprocessing, Generative AI Workflows (LangChain Familiarity)
- **Core CS Concepts:** OOP, Data Structures & Algorithms, DBMS, Operating Systems, Computer Networks
- Strong interest in AI deployment, scalable architectures, and building systems from prototype to production.

Certifications & Achievements

- Oracle Cloud Infrastructure AI Certified Foundations – Oracle (2025)
- Analytics using Tableau – Infosys Springboard (2025)
- Machine Learning – Skill Oriented Training (2024)
- Python – Great Learning (2024)
- Pragathi Scholar – Infosys Path to Future (2025)
- ABaja 2025 (SAE India) – 1st Place, All-Girls Championship
- Team Lead – Swecha Internship (2024)

Extracurriculars

- **President**, Page Turners Club
- **Student Volunteer**, Vishnova 2K24
- **Languages**, Telugu (Native), English (Fluent), Hindi (Fluent)
- **Foreign Languages**, Mandarin (Oral), Thai, French (Basic)
